No building shall be erected, altered, placed or permitted to remain on any residential lot other than one detached single-family dwelling not to exceed two and one-half stories in height (exclusive of basement and attic) and a private garage for not more than two cars.

ARTICLE III

Reference herein to "Architectural Control Committee" shall refer to an architectural control committee as created and established pursuant to the Master Covenants. In the event the Architectural Control Committee fails to approve or disapprove any design, materials, colors and location or any requested building (set-back) line or orientation variance pursuant to Article IX, hereof, within forty-five (45) days after all required plans and specifications have been submitted to it (and fees, if required, have been paid), approval will not be required and this provision will be deemed to have been fully complied with. The Architectural Control Committee is authorized where it deems appropriate to

It is the intent of this Declaration that all buildings and structures within the Properties shall be constructed of attractive exterior materials of high quality. Upon the execution and recordation of such waiver or waivers in the Wake County Registry, such violations shall not thereafter be deemed existing. The keeping of any pet which by reason of its noisiness or other factor is a nuisance (as determined by the Declarant in its sole judgment) or annoyance to the neighborhood is prohibited.

ARTICLE XIV

No trucks, or commercial vehicles, boats, motorcycles, campers, house trailers, boat trailers and trailers of any other description shall be permitted to be parked or stored on any Lot unless they are parked or stored in an enclosed garage approved by the Architectural Control Committee, except only during periods of approved construction on the Lot.
